## GOMPERS CRITICIZES HARDING AND DAUGHERTY

### ATTORNEY GENERAL EXERCISING POWER NEVER DREAMED OF

**Tells Hearers That Open Shop Is Dead—Says  
Spirit of Real America Is Exemplified In  
Striking Shopmen—Refers to Warning to  
Speak Carefully**

(By The Associated Press)  
PHILADELPHIA, Sept. 4.—President Samuel Gompers of the American Federation of Labor in a Labor Day address said that the injunction issued against the railroad shopmen last week was a violation of the constitution and the laws of the land. He characterized the action of Attorney General Daugherty as exercising a power never dreamed of in the history of the republic.

"The men must fight and take care of themselves," he declared.

President Harding and Attorney General Daugherty were criticized by Mr. Gompers for the issuance of the injunction and asserted that both had advocated a plan to bring about compulsory labor.

Mr. Gompers spoke under the auspices of the Central Labor Union of Philadelphia at Point Breeze Park.

In introducing the labor president, John A. Voll, international president of the Glass Bottle Blowers' Union said that according to Washington dispatches labor leaders have been admonished to speak carefully or "goblins would get them."

### CONDITIONS IN EUROPE CRITICAL E. M. HOUSE SAYS

**Warns Against Uddue  
Optimism So Far as  
U. S. Is Concerned**

(By The Associated Press)  
LONDON, Sept. 4.—Colonel E. M. House, in an interview published in The Times on the eve of his return home, declares that the European situation is critical. He wishes to see France provided with adequate guarantees against Germany and suggests that Germany's conditional admission to the league of nations might provide these.

Colonel House warns against undue optimism, so far as American opinion is concerned—at least for the moment.

He predicts that when America does enter the league it will not be as an ally, but as an association power as in the world war taking part in the proceedings without binding herself to the covenant.

The Times, commenting editorially on Colonel House's suggestions respecting the league's guarantees toward France, says: "That, it may be thought, is putting upon the shoulders of the league a burden far too heavy for them to carry."

### LABOR DAY PASSED QUIETLY IN CHICAGO

(By The Associated Press)  
CHICAGO, Sept. 4.—Labor Day passed quietly in Chicago the one meeting scheduled being called off because no one attended. There were no parades, no demonstrations, virtually no gatherings of any kind.

R. P. Pettigrew, former United States senator from South Dakota was scheduled to address a meeting at the Cook county fair at Maywood, with several others. The speakers were present but after they had waited a while in front of an empty grand stand, the meeting was called off. It was a day of rest virtually everywhere in the city taking a holiday. Parks and beaches were crowded and railways and boats reported carrying record-breaking crowds. The heavy increase in automobile traffic was blamed for a score of collisions in which two persons were killed, two others probably fatally injured and many hurt.

R. L. Lindsey of the north east part of the county traveled to the city yesterday.

Ves Daniels and family of the north part of the county came to the city yesterday.

He declared that the open shop is dead despite the efforts of the administration to rescue it from oblivion.

Telling his hearers that he came to deliver a message of hope and encouragement to men and women who believe in freedom, justice and democracy, Mr. Gompers declared that the present is the time when organized labor must more firmly resolve to stand for the declaration of independence and the constitutional guarantees of the republic.

"In view of existing conditions and circumstances," said the veteran leader, "now is the time that tries men's souls to overcome tyranny and injustice and to maintain the fundamental principles of America. Mr. Gompers compared the labor movement of years ago with the present and asserts that a company union is a company union dictated by the company and not by a workers' union.

"We are not going to have any such unions, if we can help it," he declared, "and we can help it."

Exemplifying Spirit of America. Taking up the cause of the shopmen, he said the spirit of real America was exemplified by these workers and brought cheers from the rain-soaked crowd when he declared that the tide of lower wages has stopped and were on the road to a better day.

He mentioned the fact that there have been disturbances and that strikers had been accused.

"They are not interfering with the operation of the road," he declared, "let the railroad employers operate them."

Mr. Gompers asserted that Mr. Harding, as senator and president and Attorney General Daugherty both advocated legislation that meant "compulsory labor."

Despite the president's appeal to congress on August 18, he declared to put "teeth" in the railroad labor law, congress has so far refused to do so and Mr. Daugherty resorted to the injunction more far-reaching than any legislation.

Mr. Gompers referred to reports that he must speak carefully or not violate the injunction. He said that was the way to frighten timid people and children.

"The injunction does not sit well on the minds of men in congress who refused to enact legislation wanted by the administration," Mr. Gompers asserted. He maintained the railroads were free men and had the right to strike if they wanted to. Mr. Gompers had his secretary read the sixth and twentieth sections of the Clayton act and resuming his speech declared the injunction was a violation of both sections. Men wonder at impatience, unrest and resentment," Mr. Gompers said. "The combination of finance and big business," he added, "is making more radicalism, indeed, it is a manufacturing plant of radicalism in this country."

When Mr. Gompers closed a man in the crowd who spoke with a foreign accent asked him whether he thought there should be a general strike.

"Better ask Burns, the detective," Mr. Gompers replied.

"Do you or Mr. Burns run the federation?" the man persisted.

"If that is a conundrum, I give it up," said the labor leader.

Joseph Murphy was over to the city from Beardstown yesterday.

### ARRESTS MAY LEAD TO TEST OF EXTENT OF THE INJUNCTION

**Alleged Violators Are  
Placed Under Arrest  
In Chicago**

(By The Associated Press)  
CHICAGO, Sept. 4.—The arrests today of two alleged violators of the temporary injunction obtained by the government last Friday to prevent further loss of life and violence and interference with interstate traffic as a result of the railway shop crafts strike was expected to result in a test of the extent of the injunction when they are arraigned before Federal Judge James H. Wilkerson tomorrow.

The two taken into custody today, both of whom are said to be striking shop crafts employees of the Illinois Central railroad with Hugh Noonan, arrested Sunday on charges of violating the injunction represent the total of arrests in Chicago since Judge Wilkerson handed down his edict at the request of Attorney General Daugherty.

One of the men arrested today was accused of throwing stones thru the window of the home of a union worker. The other was charged with loitering in the vicinity of the Burnside shops and refusing to move when ordered by a deputy sheriff. What was believed at first reports to be an attempt to derail the fast golf special of the Illinois Central near the outskirts of the city later was declared to be the harmless prank of five boys by Marshal Robert R. Levy. A bar put on the tracks by the boys was removed before the approach of the train.

"I don't believe strikers were responsible for the occurrence," said Marshal Levy. "From available information it seems to have been the act of irresponsible lads."

E. F. Grable, head of the maintenance of way men, who last week presented a petition for an increased wage scale for 400,000 men, was in an improved condition when he was released from the hospital after presenting his evidence before the labor board. A decision on the wage scale was not expected before the latter part of the month.

### MAY TEMPORARILY LAY ASIDE TARIFF FOR SOLDIER BONUS

**Conference Committee of  
Senate Will Decide  
Matter Today**

(By The Associated Press)  
WASHINGTON, Sept. 4.—Decision as to whether the tariff bill will be laid aside temporarily for the soldier bonus bill is expected to be reached tomorrow by the conference committee of senate and house to which both measures have been referred. Chairman McCumber issued a call tonight for the meeting of the conferees to discuss the question, summoning Democratic as well as Republican members of the committee.

There was no indication tonight as to what decision might be reached although several Republican members let it be known that they were opposed to any delay in consideration of the tariff. It was contended also that the conference report on the bonus measure should be drawn if possible, to eliminate the features of the bill which have been described as objections and they held that such a report would be easier to develop if efforts were first made to obtain from the white house some specific information of the executive attitude.

### LABOR DAY WAS QUIET AFFAIR IN THIS CITY

There was no formal celebration of Labor Day in this city, the only observance of the day being at Jacksonville State hospital, where a program had been arranged for the patients and employees of the institution. There were contests and events of various sorts, which were witnessed by large crowds. A ball game had also a place on the program.

The business houses generally were closed during the day and thus most of the workers were given a holiday. A large number of Jacksonville people attended the Labor Day celebration in R. Odhouse.

J. S. Lovellette is asking \$10,000 for the death of his wife who was killed by a bus at the St. Charles School for boys. She was a house mother at the institution.

### Imprisoned Miners Answering Signals

(By The Associated Press)  
JACKSON, Cal., Sept. 4.—Jackson was still thrilled tonight with the report that explosions had been heard which apparently were answering signals from the forty-six miners who have been entombed in the Argonaut mine for a week, although officials in charge of the work declined to discuss the matter and insisted Thursday was the earliest date on which the men could be reached.

The list of missing men was reduced to forty-six today by the discovery that one of the men supposedly underground in the Argonaut mine had quit shortly before the explosion.

Jim Davidson one of the night crew of rescuers working in the adjoining Kennedy mine was the man who said he heard five explosions coming from the Argonaut when two signal blasts were fired on the 3,700 foot level.

The miners say the sounds could not have been caused by falling rock.

By forethought at the time they were entombed, the forty-six miners might have been able to save their candles and giant powder for use in helping work their way out of their rocky underground prison, experienced miners believe.

Details of the first aid work to be done has been worked out at a conference between W. N. Mullen, adjuster for the state compensation insurance fund, and the corps of physicians and nurses whom the Amador county hospital has secured. A first aid station will be established under ground in the Kennedy mine to work on survivors as they undergo the change from the underground air to the fresh coming in from the outside, while another station will be installed at the top of the Kennedy shaft.

### INTEREST AGAIN CENTERS IN THE INVESTIGATION

**Residents of Three Counties  
Focus their Attention  
Herrin Probe**

(By The Associated Press)  
MARION, Ill., Sept. 4.—With the Labor Day celebrations concluded without any outbreaks of violence, Williamson, Franklin and Jackson counties tonight again focused their attention on the activities of the grand jury investigating the Herrin riot of June 22, which will be reconvened tomorrow morning.

Preparations for this week's session have been completed with the exception of notifying witnesses who will be needed from day to day. About 100 have been ordered to be in court in the morning to start the machinery of justice in motion. As attention again swung toward the grand jury rumors were revived that the jurors will continue their investigation of alleged leaks.

These reports were added to the possibility that newspapermen would be questioned. This could not be certified however.

No attempt will be made by the miners' counsel, A. W. Kerr, George R. Stone and A. C. Lewis to secure temporary freedom for Otis Clark, of Goreville, Ill., until after the grand jury adjourns. Clark was the first man to be indicted by the grand jury.

Counsel for the miners, however, is waiting for Judge Hartwell to set a date for hearing the petition for Clark's release on bail, according to Mr. Kerr. He said that the miners' attorneys were anxious to argue the petition for Clark's release.

While thousands of miners took advantage of the holiday Clark was lodged in a solitary cell at the county jail. His wife was with him for some time.

### COL. CLIFFORD TELLS HOW FIRE STARTED

(By The Associated Press)  
WASHINGTON, Sept. 4.—The mystery of the fire which suddenly flared up on the roof of the treasury in the middle of the night of March 3, brought into action the entire Washington fire department and awoke with its glare the President and Mrs. Harding in the white house across the street has been cleared up as the result of tests by the bureau of standards. It was announced tonight by Assistant Secretary Edward Clifford of the treasury.

After a thorough inquiry he declared, a special committee of treasury officials came to the conclusion that the fire was started by the heaters in connection with the tar pots being used in work on the roof, although this seemed improbable because the heaters were separated from the temporary wood flooring by sheets of galvanized iron attached to the flooring which was being covered with four and one half to six inches of sand on top of this was a sheeting of slate upon which the heaters rested.

### CAPPS PARTY HAVE RETURNED TO CITY

Mr. and Mrs. Julian H. Capps, accompanied by their parents, Mr. and Mrs. A. T. Capps, returned Monday from a trip by auto to Wichita, Kan., the home of Mr. and Mrs. Forrest D. Steffin. The party had a pleasant trip in both directions, finding the roads good except on the return for a stretch in Missouri where there had been severe rains. The number of tourists encountered enroute indicate an unusual summer travel by auto.

### WETS AND DRY TO WATCH WISCONSIN RETURNS CLOSELY

**Candidates Running  
Represent Three Different  
Forces**

(By The Associated Press)  
MILWAUKEE, Wis., Sept. 4.—Returns of tomorrow's primary election in Wisconsin will be eagerly scanned by "wet" and "dry" organizations of the state since candidates representing these different forces are seeking nominations for legislative offices.

The anti-saloon league has made a vigorous campaign for candidates pledging to carry on its work while an organization opposed to the prohibition amendment would prefer to see candidates nominated who would favor legislation permitting light wines and beer. The Wisconsin anti-saloon league is advocating the nomination of W. A. Canfield for United States Senator over Senator John J. Blaine for gubernatorial honors.

While the platform of Senator LaFollette and Governor Blaine made no mention of prohibition these candidates are receiving the support of the association opposed to prohibition.

The primary campaign has been the most active since the enactment of the law which ended the method of making nominations by conventions.

Mrs. Jesse Hooper, representing the Democratic party in seeking primary endorsement for the United States senatorial nomination has stressed world peace.

Besides Governor Blaine and Attorney General Morgan a third Republican candidate, A. C. McHenry, mayor of Oshkosh seeks the gubernatorial nomination on a "constitutional liberty" platform.

A. A. Bentley, mayor of LaCrosse and Karl Mathie of Wausau, represent respectively on the Democratic ticket for the gubernatorial nomination.

### MISS M'CORMICK REFUSES MILLION DOLLAR CONTRACT

**Close Friends Say She Was  
Offered that to Appear  
In Movies**

CHICAGO, Sept. 4.—Nawanna Micor, who in every day life is Miss Muriel McCormick has refused a \$1,000,000 contract to appear in a motion picture, according to close friends.

Miss McCormick refused to make any comment on her plans today being busy moving from the home of her father, Harold F. McCormick to an attic studio three flights up, where she will pursue her operatic studies.

The bachelor girl apartment she will occupy is just across the street from the home of her mother, Mrs. Edith Rockefeller McCormick daughter of John D. Rockefeller, from whom she has been estranged since the divorce which was obtained by Mrs. McCormick upon charges of desertion.

Miss McCormick, who is known to her good cousin friends as "the poor little rich girl," has expressed her desire to become a grand opera star and to achieve thru her own efforts alone and without assistance of her family's wealth.

### OFFICERS KILL WOMAN AT MARISSA

MARISSA, Ill., Sept. 4.—Mrs. D. O. Tuttle, wife of a section foreman of the Illinois Central Railroad here, was shot and instantly killed late tonight by Town Marshal John Robinson, when Tuttle failed to heed the marshal's order to stop his machine, in which the couple were returning from Tilden, Ill.

Robinson had been asked by the chief of police of Pinckneyville, Ill., to watch for an automobile which had been stolen at Pinckneyville. With him was William Crossley, assistant town marshal. When the Tuttle machine failed to stop, Robinson told Sheriff Schnipper after his surrender, he fired thinking the automobile was the one stolen at Pinckneyville.

Tuttle explained his failure to stop by saying he thought the two officers who were in citizens clothes were highwaymen. According to Sheriff Schnipper of St. Clair county feeling became so bitter in Marissa that the town marshal and his assistant had to leave.

### LABOR DAY SPEAKERS ATTACKED INJUNCTION AT BENTON YESTERDAY

**Characterized It as Violation of the Worker's  
Constitutional Rights—Baker One of the  
Speakers Says. They All Are Probably on  
Contempt of Court.**

(By The Associated Press)  
BENTON, Ill., Sept. 4.—Without a single exception the speakers at the Labor Day celebration here attacked the federal injunction issued last Friday against the striking shop crafts, characterizing it as a violation of the workers were A. W. Kerr the chief counsel for the United Miners; George Mercer, statistician of the miners' organization and E. E. Baker, international president of the Railroad Clerks Union.

Attorney Kerr charged that federal Judges, in issuing the numerous injunctions against both the miners' union and railroad organization had overstepped their authority and clothed themselves with legislative power. Terms of the injunction, particularly the last, he said, were drawn without any regard to law. Those who were expecting mention of the grand jury investigation at Marion into the Herrin riot of June 22 were disappointed. All speakers refrained from touching upon the subject.

That each of the three made statements before the crowd which probably were in contempt of court under the sweeping terms of the recent injunction was admitted by Mr. Baker.

"I expect everyone of us could be arrested," he said, "for calling on you to give moral support to the shop crafts and for our statements against this injunction. But what do I care. It would not be the first time I ever went to jail—nor the last. I am willing to go to jail at anytime to emancipate the cause of labor."

All three were unanimous in charging that the coal strike and the railroad strike were caused by the "activities of the manufacturers' association and allied big business interests to destroy organized labor."

Coal operators, Mercer charged were using the government as a big strike breaking agency.

"All those forces that oppose you in the strike just ended," he said, "will be organized against you as never before. You will go up against a solid wall. It will be a bitter fight. But prepare for it now. Organize your entire community and save your money. Don't give it to any local bootleggers."

"You men and you women must use your voting power, but only those in office who will support and uphold the doctrines of trade unionism. You people in Illinois have had enough legislation. Your constitutional congress was a joke and the constitution is a joke."

Mercer charged that one of the constitutional rights of all mankind—free speech—has been deprived labor by the federal injunction.

### OFFICIALS QUIZZED ABOUT R. R. TIRE

(By The Associated Press)  
PITTSBURGH, Sept. 4.—Thirteen officials and employees of the Pennsylvania railroad were questioned today at a general meeting of city, county and federal representatives who are investigating the fire which destroyed a Pennsylvania railroad bunkhouse Sunday. Seven employees were burned to death.

The only announcement authorized after the conference was that the railroad men had admitted the building was a tinder box.

It has been used for many months as a storehouse for grease, oil and waste and the floors and walls had become saturated with the material.

Another conference will be held tomorrow. The coroner's investigation was to be continued and it is expected that the inquest will be the latter part of this week. No additional bodies were found today. Four of the corpses have not been claimed.

It became known today that Gerald Harper, one of the victims was an honor graduate from Carnegie Institute of Technology last June.

### CHECKS READY FOR "BITTER BABIES" AWARD

Dr. R. V. Brokaw announced yesterday evening that checks for prizes in the Bitter Babies conference are ready and can be had at the Chamber of Commerce office.

Felix McCarty of the northeast part of the county visited the city yesterday.

### BRUNDAGE TAKES FARRINGTON TO TASK IN SPEECH

**Say Illinois Mine Leaders  
Placing Union  
In Unfair Light**

(By The Associated Press)  
CHICAGO, Sept. 4.—Edward J. Brundage, attorney general of Illinois returned from Marion, Williamson where the special grand jury is investigating the Herrin mine massacre to speak today at an annual gathering of the 23rd Ward Republican club. Apparently referring, though not by name to Frank Farrington, head of the Illinois miners, he declared:

"This man posing as a leader has served direct notice that he proposes to defend to the limit all those the state of Illinois will indict for the Herrin massacre. 'I say to you American citizens that in all the records of crime and violence there is nothing so brutal, so cruel, so heartless as the murder of the twenty-one men who had surrendered at the strip mine at Herrin, a crime which causes the nation justly to cry 'shame' at the State of Illinois."

"It is not the labor that we have built up by humanizing legislation that was responsible for that massacre. Union labor, as we know it, is not responsible. I insist that this leader cannot be permitted to place union labor in the position of defending the murderers. Violence shall not prevail in this state or in this nation. No small minority, by violence and murder, is to dominate this commonwealth. Law and order must prevail."

### STORM DAMAGED TELEPHONE LINES

Considerable damage resulted from the storm which visited this vicinity Saturday night, most of the damage being in the southern part of South Jacksonville. A part of the grand stand at the South Side ball park was blown down and a large tree in the Maple Grove school fell across the porch, causing some damage.

On the South Main road the poles of the Illinois Telephone Co. for a considerable distance were broken off at the base and blown into the nearby fields. Linemen were at work Sunday repairing the damage and by Monday had practically all the lines in working order. The line to Alexander was also put out of commission but later repaired. It is estimated that the company's loss will be about \$1,000.

The storm also did some damage in the north and northwest parts of the city. Some large limbs were blown down in the Washab park and in various other places fallen limbs were to be seen.

Samuel Camm of Franklin was an arrival in the city yesterday. The murder occurred in June.

**A THOUGHT**

Behold, the tabernacle of God is with men, and He shall dwell with them, and they shall be His people and God Himself shall be with them, and be their God.—Revelation 21:3.

THE greatness of our life depends on so little! In the midst of the humblest incidents of ordinary days, the verse of a poet may suddenly reveal to us some-

thing stupendous. No solemn word has been spoken, and we feel that nothing has been called forth; and yet, why has an ineffable face beckoned to us from behind an old man's face? Or why does a vast night, starred with angels, extend over the smile of a child?—Maeterlinck.

That's a rare week that does not have its family reunion at Nichols park, and sometimes there are two or three in one day. What is true here applies to the parks of Springfield, Bloomington and Decatur, and one is led to wonder why this growing popularity of family reunions.

Perhaps the automobile is responsible. At any rate, family pride and patriotism are worth while and these gatherings tend to build good citizenship.

It is to the credit of labor that there were no great disturbances on Labor Day. With conditions so unsettled in many localities it is evident that leaders of organized labor must have used their best efforts to have the events of the day pass in sane and orderly manner. Orderliness always strengthens labor's cause.

One thing is certain, there will

be a shortage of hard coal during this winter, a fact which is of more moment in the east than it is in this part of the country. In the soft coal fields some lost time can be made up but conditions are different in the anthracite mining country, where under ordinary conditions work continues all the year thru. A ton of lost production is lost forever there.

Down in Creek county, Okla., oil has been discovered on the county farm and is yielding revenue to the county of half a million or so annually.

Possibly there is oil northwest of Jacksonville as well as in the northeast area. Oil on the Morgan county farm would dispel the various troubles which now beset the commissioners in their efforts to make tax revenues meet expenditures of larger amount but seemingly necessary.

One familiar with his history cannot but have respect for the opinion of Henry B. Rankin of Springfield, now 85 years of age. For 30 years or more Mr. Rankin, who was known thruout Illinois as a friend of Abraham Lincoln's, has been an invalid confined to his room. Yet he is very much in touch with life and a keen student of the times.

Mr. Rankin says that the present disturbed conditions are not nearly as bad as we are in the habit of thinking and that a satisfactory solution will come. In the face of some disadvantages Mr. Rankin is an optimist and his state of mind furnishes an inspiring example.

**BERTON BRALEY'S DAILY POEM**

**Cheap**  
By Berton Braley

By BERTON BRALEY.  
You want to know if this day's for sale?  
Why yes, if you like, I'll sell him.  
Although I'd miss the thump of his tail,  
That wags at the things I tell him.  
I'd miss the romps that I've had with him,  
And the trips that we've had together,  
And his everlasting, unlagging vim,  
In any old kind of weather.

In my heart a sort of pain would lurk,  
If he wasn't around to greet me,  
To yell "hello" as I came from work,  
And run down the path to meet me;  
I'd miss the glow in his trusting eyes—  
There's a glamor of love behind it—  
And I'd miss his sympathy, calm and wise,  
But doubtless I'd live without it.

The cost of his food, of course, I'd save—  
An item to do away with—  
But I'd lose a guardian strong and brave,  
And a friend for the kids to play with;  
But I'd worry along all right, I guess,  
In spite of the way I pride him;  
The price? It's reasonable, more or less,  
For a million dollars buys him!

**MATRIMONY**  
Devlin-Barker.

The marriage of Miss Shelia Barker and Paul Devlin of this city occurred at 6:30 o'clock Monday morning at the Church of Our Savior. The marriage service was solemnized by Rev. Father Hobbs. The attendants were Miss Mabel Sweeney and William Shields, a company of relatives and friends witnessing the ceremony.

The bride wore brown Canton crepe and her corsage bouquet was of white roses. Miss Sweeney's gown was of black Canton crepe and her corsage bouquet was of pink roses.

The bride has been a resident of Jacksonville for the past five years, making her home with Mr. and Mrs. Thomas Wall on West Chambers street.

Mr. Devlin is associated with his father in the painting business.

The young people left shortly after the ceremony for an automobile trip to Chicago. They both have many friends to join in good wishes.

**TURKS READY TO BUY FARM MACHINERY**

CONSTANTINOPLE.—(By the A. P.)—The vital need of machine power in Turkey has been obvious and urgent as a result of the exhaustion of the available supply of animals in the long-drawn wars, is the opinion of American Consul-General G. Bio Ravndal. "Most of the draft animals have been used for cavalry and artillery purposes, and many of them to supply food to the soldiers," he continued, speaking to the representative of The Associated Press. "Consequently a demand is arising for the tractor and the plow. American tractors as well as other American-made machinery, possess a fine reputation in Turkey, and at present dominate the market. The Kall-nemann (German) Fiat (Italian) and Renault (French) tractors are in the field, but they cannot compete successfully with American machines which are being offered. The chief desiderata are price, efficiency and simplicity, and the American tractors have been found to fill these requirements."

Similar consideration apply to other agricultural machines and to tillage instruments, for which the demand is growing in the Near East. These include reapers and binders, threshing machines, plows, harrows, cultipackers and drills.

There appears to be good ground for encouraging American manufacturers of agricultural implements and machinery to pay increasing attention to the near eastern field. Mr. Ravndal went on. In the extension of this trade, it is essential to give credit to dealers in order that they may be able to carry out the practical demonstrations which are so necessary in these virgin markets, and to accommodate the farmer financially. It is also important that measures be taken to have a full supply of spare parts on hand in suitable repair shops.

"The opportunities for the development of the Anatolian, Thracian and adjoining markets for agricultural machinery and implements are considered very good," the Consul General continued. "The situation at the present time is adversely affected by the absence of highways and railways and other means of transporting farm produce to the central markets, but this defect is certain gradually to be remedied. No duty is charged for the admittance of agricultural machinery into Turkey. As a rule, general agencies are established in Constantinople with branches in other cities."

**FORMER LOCAL WOMAN HAS ARM AMPUTATED**

Word has been received in Jacksonville of the serious condition of Mrs. J. H. Cannon of Wichita, Kan., a former resident of this city, following infection and the amputation of her right arm. It will be remembered that Mrs. Cannon is a daughter of J. R. Bailey, former editor of the old Jacksonville Sentinel, now The Courier.

The Wichita Eagle says of Mrs. Cannon's condition:

"Infection resulting from a scratch on the hand August 18, led to the amputation of the right arm of Mrs. J. H. Cannon, 208 Wabash, Saturday. The arm was removed near the shoulder. Mrs. Cannon is at the Wesley hospital where she is reported convalescing altho her condition is still considered serious. With her are her three sons, Alfred and Loftus of Wichita; C. C. Cannon of Oakland, Calif.; Mrs. Arthur Elliott of Kalamazoo, Mich.; Mrs. E. C. Mitchell of Salt Lake City; Mrs. E. A. McGarragh and Mrs. Earl Griswold and sons and daughters of Omaha, Neb."

An all day meeting was held Sunday at Mt. Zion M. E. church, between Murrayville and Manchester, when the members and others present subscribed \$2,000 to pay for recent improvements made in the church property.

The regular services were held in the morning, the sermon being delivered by Rev. E. L. Pletcher, the district superintendent. At noon a basket dinner was served in the church basement.

In the afternoon another service was held, when within a very short time pledges were secured to cover the entire indebtedness of the church. Among those in attendance, were many from Murrayville and this city, and generous donations were made by practically all those present.

A new basement has been added to the church and there have also been some modern conveniences installed. In addition, the auditorium has been redecorated in a very attractive way.

London.—(By the A. In many cases of disaster at sea it has been found impossible to launch all of the boats on a ship because of the list. By this new device this difficulty is said to be overcome.

Ashland, Sept. 4.—Largely attended funeral services were held Sunday afternoon at the family residence for David Hill, who died suddenly while fighting a fire in his barn last week. Rev. J. A. Betcher of the M. E. church officiated. Interment was in the Ashland cemetery.

The coroner's jury which investigated Mr. Hill's death found that the cause was heat exhaustion.

The pallbearers were: W. S. Reardon, Miles Kendall, Charles Bearick, W. S. Williams, Robert Anderson, Jr. and D. L. Harding.

The many floral offerings were beautiful.

**NEW TRAINING PLAN FOR VETS' HOSPITAL**

Chicago, Sept. 4.—A new plan just announced by Colonel C. R. Forbush, director of the U. S. Veterans' Bureau will give several thousand veterans in hospitals the benefit of a practical vocational training while they are yet patients.

Many of the hospitals will be converted into combination sanatoriums and training centers, where the men who have advanced to the working and planning stage will be given as much to do in their chosen vocational work as competent officials find they are able to do without danger to their physical recovery. This system which is to be inaugurated in the tuberculosis and mental cases first, will result in a better and more contented mental state at once, and as the men improve their vocational work will be steadily increased.

These student-patients will remain on the same pay status as they are on at present. The only object of this plan is to get the veterans away from the conventional hospital as soon as possible. It is much more difficult to restore a man's physical health if he has to stay in a morbid atmosphere, so long that his morale sinks to the point where he is afraid to take the plunge again into civil life.

This training plan will probably be instituted in such hospitals as Waukesha, Wisconsin, Dwight, Illinois; Edward Hines, Jr., at Maywood, Ill., and U. S. Veterans' Bureau Hospital, 47th and Drexel Blvd. Chicago. Colonel Forbush states that this plan when worked out will be found applicable not only to mental and tubercular cases, but also to thousands of chronic, general cases. The plan is designed to fit into a larger policy of applying to long needed minimum standards in all hospitals.

**"REPORTED MISSING"**

The story concerns the efforts of an Oriental shipping king to gain control of a fleet of ships upon which Owen Moore as Richard Boyd, has an option. In order that young Boyd's option will lapse, the wily Chinaman arranges to have him shanghaied—and then the fun begins. It is just one thrill and laugh after another and the comedy sequences produced a state bordering on the hysteria at yesterday's showing, particularly when Tom Wilson, as the hero's faithful colored servant, began wielding a wicked looking razor in the general direction of the yellow cohorts of Oman, the villain.

Nita Naldi, the statuesque Follies beauty, attracted with her marvelous gowns and Pauline Gordon, the flapper de luxe, had everybody's eyes popping.

The biggest thrill in the picture is a race between a sea and a hydroaeroplane which is followed by a chase in high powered machines.

## VISIT OF THE BISHOP

Sunday was truly a red letter  
day in Bethel A. M. E. church.  
In the morning the regular ser-  
vices were held with Rev. Mr.  
Hackley in charge; in the after-  
noon Sunday school and quarter-  
ly communion services as an-  
nounced and in the evening an  
audience that filled every seat in  
the church heard a powerful ser-  
mon by Bishop Coppin. It was  
truly a strenuous day for the  
worthy divine as he had taken  
part in dedicating a church at  
Springfield during the day and  
came by auto to fill his appoint-  
ment at Bethel and he was on  
times too though with not a great  
deal to spare.

Presiding Elder Brown was  
also present and good Dr. Rule  
graced the occasion with his pre-  
sence and local pastors were on  
hand so that the occasion was  
indeed unusual.

The singing by the choir was  
an especial feature. Anthems  
and solos were mingled with the  
regular songs and the whole was  
truly inspiring and uplifting.  
When one compared the scene  
with the old frame building and  
conditions sixty years ago the  
contrast was indeed marked.  
Bishop Coppin is a large and fine  
looking man, portly, dignified,  
and impressive. He is a scholar  
too, having finished a theological  
course embracing the Greek  
and Hebrew languages he is ver-  
sed in the classics and well posted  
in sacred literature. He is a  
forceful speaker and one who  
holds the attention of his audi-  
ence throughout. With a few  
well chosen words presiding El-  
der Brown introduced the distin-  
guished gentleman who said he  
was to see Jacksonville as it was  
the first time he had been able  
to visit the place. Three confer-  
ences had been taken from his  
jurisdiction but still he travels  
as far north as Canada so that  
his field is yet by no means  
small.

He remarked that the African  
Methodist church is about 125  
years old, yet is has made im-  
mense strides in that time with  
its list of bishops and all its  
many enterprises for usefulness.  
The gentleman took for his text  
the words in Romans 1:15 and  
17, "So much as is in me I am  
ready to preach the gospel to you  
that are Rome also for therein is  
the righteousness of God revealed  
by faith."

He proceeded to draw a graphic  
picture of the great apostle and  
his desire to preach the gospel in  
the great capital of the world.  
He narrated the toils and pro-  
vations undergone by the early  
heralds of the cross and told what  
a grand example they left for us  
who have inherited the good  
things they labored so hard to  
prepare for us who live in the  
light of the gospel today.

He then glowingly depicted the  
duty that evolves on all who  
have the light of the gospel today  
and urged home the solemn  
truth of each person's duty to the  
cause of the Redeemer. We must  
concentrate all we have, our time,  
our prayers, our sympathies, our  
labor, our money, at the house of  
God; all that the great and glo-  
rious banner of King Immanuel  
may float in triumph over a sin-  
ful world.

He was heard with close atten-  
tion throughout and at the close  
the Lord's Supper was observed,  
many pressing forward to testify  
their love for the Blessed Master.

A fervent prayer by Rev. F. M.  
Rule closed the impressive ser-  
vices.

## A GOOD DISCOURSE.

Rev. George E. Stickney found  
a hearty welcome on his return  
and appearance in the pulpit of  
the Congregational church Sun-  
day morning. He delivered a  
very beautiful and at the same  
time strong discourse from John  
10:16, "And other I have which  
are not of this fold; them also I  
must bring and they shall hear  
my voice and there shall be one  
fold and one shepherd."

His theme, the universality of  
the gospel message; something  
not for any favored few but for  
all mankind. Then follows the  
duty of the professing Christian.  
If he be a true follower of the  
Redeemer he will seek to save  
whom he can reach. He will joy-  
fully contribute to the cause of  
missions that those not of his fold  
may hear the gentle Shepherd's  
voice and be gathered into the  
one fold with the one Shepherd.  
This blessed work should begin  
at home with all who are down  
and out; with all who have not  
been favored with the gifts of ed-  
ucation, good raising and kin-  
dred blessings. For these Christ  
died as well as for the favored  
ones enjoying the good things in  
abundance. The whole discourse  
was full of earnest entreaty for a  
consecrated life.

## NORTHMINSTER OFFICERS WILL MEET TONIGHT

Rev. and Mrs. W. E. Spooner  
are to entertain this evening the  
officers of Northminster church,  
together with their wives. The  
company will number about fifty  
and various matters of interest to  
the church will be given atten-  
tion. Among things which will  
be discussed will be the plans for  
paying the paying assessment of  
the church and for the annual  
rally day of the church, which  
will be held the first Sunday in  
October.

A delegate will be named to  
the Springfield Presbytery which  
meets at Rock Creek next Mon-  
day. There will also be some dis-  
cussion of plans for the work of  
the church during the coming fall  
and winter months.

## WRITES LETTER FROM THE FAR WEST

A late issue of the Carlinville  
Democrat had a fine letter from  
Mrs. Walter Scott of North Bend,  
Oregon, to her sister, Mrs. H. B.  
Lead of Carlinville. These ladies  
known here as Belle and Nellie  
Stevenson, daughters of Mr. and  
Mrs. B. F. Stevenson.

The Democrat said in part:  
"The letter not only tells of the  
good time on the Fourth but also  
gives a splendid pen picture of  
some of the beauties of the Pa-  
cific Coast region, near Coos  
Bay."

The lady describes the wonder-  
ful and unusual public entertain-  
ment on the Fourth, possible by  
reason of the waters of the Pacific  
ocean, and of exports in naviga-  
tion and of handling logs in the  
streams of the North West. There  
was surely a great time afforded  
the gathering that day, and it  
was fully and fittingly described.  
There was bands and the Red,  
White and Blue, and contests,  
for prizes and barge fights, and  
log rollings in water, and thrills  
which would have been scarce to  
our inland dwellers, a prize of  
\$150 was given the victor in the  
water sports. The second day  
had a parade and regular old  
fashioned good times, with fel-  
ling trees contests; races, read-  
ings, ball games, boxing contests,  
band concert and dance all the  
jokes and fun of a street carnival.

## WOODSON

Mrs. W. E. Gant of St. Louis  
is here for a two weeks visit with  
her brother H. L. Owings and  
family.

Mr. and Mrs. George Robinson  
and little son of Strawn's Cross-  
ing spent Sunday with Mrs.  
Robinson's mother and sister,  
Mrs. Julia McAllister and Miss  
Hazel Green.

Mrs. Arlow Mansfield and little  
son of Jacksonville are visiting  
her parents, Mr. and Mrs. James  
O. Adams.

Mrs. Foelsch and daughter and  
Mr. and Mrs. Clarence Stephens  
all of St. Louis, and Mr. and Mrs.  
Robert Foelsch and family of  
Jacksonville were callers at the  
home of Mr. and Mrs. Isaac  
Daniels Sunday evening.

Mr. and Mrs. Frank Merriell of  
St. Louis spent Monday with Mrs.  
Merriell's mother, Mrs. Nettie  
Mogginson. Mrs. Merriell will  
stay for a few days visit.

The Woodson school opened  
Monday with a good enrollment.  
J. Chester Colton is principal and  
Miss Ruth Mellor of Murrayville  
the primary teacher.

Misses Eva and Faye Shelton  
are attending high school in  
Murrayville this term.  
Central Point school opened

Lydia E. Pinkham's Vegetable Com-  
pound advertised so much and it did  
so many people good that I began to  
take it myself. I am feeling fine now  
and every one tells me they never saw  
me looking so well. I live on a farm,  
do all my work, and have three little  
girls to take care of. I am recom-  
mending this medicine to my friends  
and know it will help them if they  
use it like I do." — Mrs. HERBERT

## Oil Cook Stoves

During these hot summer days an oil cook stove is indispensable, and if the price of coal soars this winter as now seem likely, it will be a matter of economy to burn oil instead of coal the coming winter, too. We have a well selected line of one, two, three and four hole oil stoves. We invite your investigation.

## ROODHOUSE MAN IS ELECTROCUTED

Clarence Taylor Comes in Contact With Live Wire Sunday—Died at Passavant Hospital Yesterday.

Clarence Taylor of Roodhouse, line man electrician, met with a fatal accident Sunday while repairing the wires damaged by Saturday night's storm near Manchester. In some manner Mr. Taylor came in contact with a high tension wire and was severely burned.

The shock caused him to fall to the ground. Fellow workers were soon at his side and other than injuries from his burns it was thought no serious harm had befallen the unfortunate man. He was hurried to Passavant hospital where his injuries were dressed, after which he seemed to be resting as comfortably as possible up to within two hours of his death, which occurred Monday at 11:30. The body was taken to the undertaking parlors of J. H. O'Donnell where it was prepared for burial.

The deceased was 29 years of age and leaves his widow, one child, his parents, two sisters, and two brothers, all of whom live at Rosedale, Warren county, Illinois.

Coroner Rose was notified of the death and held an inquest over the body after which it was taken overland to the home in Roodhouse.

The jury summoned by Coroner Rose to determine the cause of the death of Clarence Taylor, was composed of J. H. O'Donnell, foreman; H. J. Donovan, John L. German, A. O. Peterson, Fred J. German, D. C. Hittie. After hearing the evidence of Superintendent Dille of the crew the verdict was the deceased met his death accidentally while working for Central Illinois Public Utilities Service company.

## "NO CAVEMAN STUFF FOR ME" Says Girl Wooed By One

TESSIE DE FINO

By BOB DORMAN  
NEW YORK.—"No caveman stuff for me. That belongs to ancient days and those days are gone forever."

That's what Miss Tessie De Fino says and her lips are firmly set as she says it.

Tessie knows whereof she speaks.

When interviewed, she'd just returned from court where she'd attended the preliminary hearing of her suitor, charged with abducting her.

The suitor had been devoted to Tessie for some time and his fervent pleadings met only with rebuff, his ardor was undimmed.

Finally, remembering the successful methods of the first Romans in obtaining wives, he, with a friend, carried off Miss De Fino

and held her prisoner two days.

With threats he forced her to accompany him to the marriage license bureau, but there the girl was recognized from the description given the police by her distracted parents, and the suitor's arrest followed.

"That rough stuff might have been all right in ancient times when women were nothing but property," Tessie says, "but it doesn't make any hit with me."

"I wouldn't have anything to do with a man who treated me as he did if he were the last man on earth."

"I want to be treated with respect and as an equal."

"I could learn to love a man who would treat me gently and sympathetically, but these cavemen can stay away!"

## GEORGE D. GUNN MAKES FINE RECORD AS SINGER

Special musical numbers were given at Westminster church Sunday morning and evening by George D. Gunn, son of Mrs. J. T. Gunn, residing west of the city. In the morning Mr. Gunn sang "Lord God of Abraham" from "Elijah," and in the evening his solo was Tennyson's "Crossing the Bar."

Mr. Gunn graduated in voice last year from the Chicago Musical college and this year will take post graduate work there. He has spent the past two years studying with Burton Thatcher and this won the Thatcher scholarship offered by the college.

This summer Mr. Gunn has been a member of the Mercer Musical Co., and has filled chautauque engagements in various parts of Iowa, Missouri and Illinois. This is one of several companies sent out by the Chicago Musical college and at the time it disbanded early last month was the only one of the companies which had been asked to sing at the Illinois Association of Chautauques in Chicago next week. Mr. Gunn expects to leave Thursday on the return trip to Chicago.

## A TIMELY SERMON

Sunday morning Rev. Thomas W. Smith, D. D. delivered at Westminster church a strong and timely sermon. His theme was taken from Hosea, 14: 1 and 2, "O Israel; return unto the Lord thy God for thou hast fallen by mine iniquity. Take with you words and return unto the Lord: say unto Him, Take away all iniquity and receive us graciously." The sermon was an earnest plea for renewed consecration to the great Ruler of all. Too much are we prone to neglect the prime duties of life amid the many temptations and attractions we have on every side. The lure of pleasure, the call of business, the love of gain and many more things too often monopolize the soul and leave scant room for the worship of Him to whom we owe all things.

Dr. Smith has returned invigorated and refreshed by his vacation and his people will get the full benefit of his physical and mental recuperation.

## OLD-TIME FRIENDS MEET

Yesterday afternoon E. J. Kume of Alexander was in the city and met his boyhood friend, William Slater, and the two had a pleasant time talking over the days when they were boys in Alexander. Those were the days when Dr. Baker had a general store in the place and the boys played marbles, hide and seek and possibly hooky sometimes during school days (there is nothing on record to substantiate that suggestion). Both are now dignified, middle aged men, respected for their upright lives and exemplary conduct.

## MAY PAVE EAST STATE TO CITY LIMITS

Owners of Adjacent Farms Held Informal Conference With Board of Local Improvements.

Following the council session Monday night a number of land owners on the state road met in an informal way with the board of local improvements to talk over the possibility of paying for local improvements to talk over Johnson street to the city limits. It was explained that this improvement cannot be put down under public improvement act in the usual way because the benefit to adjoining property will not be sufficient to pay for the improvement.

This is the case on Morton avenue, where the city is paying a considerable portion of the cost of the improvement from the public fund.

Mayor Crabtree said that the estimate for paving from Johnson street to the city limits is approximately \$20,000 and that it would be necessary for persons interested to subscribe about \$4,000 toward this fund if the improvement is made this year. If such subscription are forthcoming, from the assessment against the property owners and from the public benefit fund, it would be possible to make up the other \$16,000.

A year or two ago when the same project was discussed, land owners east of the city readily agreed to subscribe about \$2,000.

Andrew Bacon, Logan Black, Dan Moy and J. Wier Elliott as the representatives of certain land owners on the state road, were present at the conference. It was stated that if the paving is done that the county board will arrange to carry it from the city limits to the point a short distance east of the Manisterville bridge. It was agreed that Mr. Black and Mr. Hoy would interview the land owners and report at a similar conference next Monday as to just how much can be subscribed toward such a project.

### Metz Family Had Reunion.

A pleasant day was spent Sunday at Nichols Park in a reunion of the remaining brothers and sisters of the Metz family formerly of Chambersburg, Ill.

Among those present were J. B. Metz and wife; L. R. Metz and wife; and Miss Georgia Metz of Chambersburg, Ill.; Mrs. Ella Peters and son, Ralph; Mr. and Mrs. William Conrad and family, of Versailles, Ill.; Mr. and Mrs. P. R. Metz and family of Bates, Ill.; L. M. Metz, of Roodhouse; Mr. and Mrs. J. R. Swan and family of West Lafayette avenue; Mr. and Mrs. Russell Pool and family of Caldwell street.

Arriving near the noon hour a bountiful dinner was spread after which the remainder of the day was spent visiting and enjoying the grandness of Nichols park.

This is the first meeting of all the family for several years.

### Watermelon Party At Gunn Home.

The Huxters of Westminster church Sunday school enjoyed a watermelon party Monday afternoon at the home of their teacher, Mrs. J. T. Gunn, west of the city. The affair was planned in honor of the three new members of the class, Hoyt, Charles and John Rawson Rawlings, who have recently come to the city from Bartlesville, Okla.

There were eleven boys in the company and they had an afternoon of rare pleasure at the Gunn home. The first thing on the program was a ball game, and later various games were played. There was great excitement among the boys when they found a bumblebee's nest, but fortunately none of them were stung. Watermelons, peaches and other good things to eat were served in great abundance.

The boys present were Littleton Adams, Ernest Johnson, Warren Kamm, Billy Walton, Philip Bradish, Robert Bentley, Clark Rawlings, Hoyt Rawlings, John Rawson Rawlings, Charles Rawlings. One guest, Ernest Rawlings, was present.

### Lukens Family Reunion.

Sunday, Sept. 3rd., marked a noteworthy date in the family history of the Lukens of Morgan county. It was the day of the first reunion of the descendants and relatives of Mr. and Mrs. Henry Lukens, Sr. who came in this country in 1885. The happy reunion was held on the old Lukens homestead, east of Alexander, now occupied by Edward Duever and family. An elaborate basket dinner was enjoyed on the spacious lawn. A special feature of the memorable event was the reading of a very interesting narrative which was penned by William H. Lukens, deceased, and told of the family's arrival in this country. In connection with this narrative the old spinning wheel the family brought with them was shown. Those attending the reunion were the following: Mrs. Sophie Lukens, of Jacksonville; Mr. and Mrs. Edward Duever and sons, Ralph and Jimmie; Mr. and Mrs. Fred Harney and daughters, Opal and Doris Deane, and Miss Rose Lukens of Waverly; Mr. and Mrs. Caspar Lukens and children, Viola and Gilbert; Mr. and Mrs. George Lukens, Mr. and Mrs. Otto Lukens and children, Dorothy and Raymond; Mrs. George Horn and children, Alma, Florence and Otto, of New Berlin. Mr. and Mrs. Fred Kloppe and daughter, Marguerite and Vesta Dodd, Mr. and Mrs. Frank Staley and son, Francis, Florence and Fred Basse, of Oloom; Mr. and Mrs. Herman Aljets and children, Walter, Laura and Clara of Moro, Ill.; Mrs. Will Winkler, of Alton, Ill.; Dr. and Mrs. Frank Perl and son Frank, of Chicago. Mr. F. W. Huning and Raymond Huning, ad Mr. and Mrs. F. W. Hagemeyer, Jr., of St. Louis; Mr. and Mrs. Fred Mosier and Anderson Mullens, of Orleans; Rev. ad Mrs. Herman Hallberg and children, Gertrude, Herbert, Paul and Arthur, of Jacksonville.

## SOARING PRICES STOP BUILDING

Increase in Cost of Building Materials Holding Back State Work Already Under Way and Discouraging New Work.

Springfield, Ill.—(By The Associated Press.)—Soaring prices of building materials are retarding work on state buildings now under construction and discouraging the starting of work on new structures, according to state officials.

Contracts have not been let on a proposed new armory at Peoria, and State Architect Martin stated his department was not working on the plans for this building, declaring the appropriation was not large enough to build an armory of the kind desired under the present prices of materials.

Prices on lumber, he pointed out, are approaching the highest point since the World War, and iron pipe and plumbing fixtures have gone up 100 per cent. Plate glass has increased 15 per cent and the wages of some classes of workmen have gone back to a war time level. Plasterers, he cited as an instance, are receiving \$15 per day, brick layers \$1.50 an hour and common laborers in the building trades get \$1 an hour.

There is also a shortage in building laborers, he declared, because of artificial restrictions in regard to apprentices in some trades. This is another cause for slow work on state buildings.

Work on extensions to the Alton State Hospital is suspended because of a sympathetic strike among the plumbers. An appropriation of \$650,000 is tied up there.

The state is planning armories at Danville and Kankakee, a group of buildings at the Soldiers and Orphans Home at Normal, a power plant at the normal school at Charleston and contemplates the expenditure of a large sum at the State Hospital for Epileptics at Dixon.

FILES CLAIM AGAINST STATE

Springfield, Ill.—By the A. P.—A claim for \$20,000 has been filed against the state of Illinois by Mrs. Sophie Jones and her son, Joseph Jones of Chenoa. They are asking this sum for the death of John S. Jones, Mrs. Jones' husband, who was killed at the reformatory at Pontiac by an in-

## ICONCLASTS IN RUSSIA CAUGHT BY POLICE

Moscow.—(By the A. P.)—A valuable jewels stipped from the historic icon of the Iberian Virgin by robbers who broke into the famous Iberian chapel at the gates of the Red Square on April 7, have been recovered by the Moscow police.

Thirty members of a gang of robbers who looted many churches, chapels and convents before and during the government requisition of church treasures have been arrested, and loot valued at many millions of dollars has been recovered. The jewels from the Iberian icon alone were estimated to be worth nearly \$3,000,000.

Both claims have been filed with the Court of Claims meeting in September.

W. E. Reeves of Roodhouse was in Jacksonville Monday attending to business.

Mr. and Mrs. Ralph Bushnell

Lawrence E. Frame of Naples paid the city a visit yesterday.

**STILL ANOTHER VIEW**  
**OF THE COAL STRIKE**

"The country will have coal  
 strikes until it wakes up and  
 takes enough intelligent interest  
 in coal to put some sanity into  
 the industry," says C. E.  
 Lusher in Forbes Magazine (N Y.)  
 for September 2nd.  
 "It is far easier and more  
 certain to name the loser in this  
 strike than the winner. The  
 public that buys and burns the  
 coal is a definite loser. The  
 operator may, and in many if not  
 in all instances will, recoup his

losses in the period of high prices  
 that is upon us. But the public  
 will pay those prices and before  
 a center is over what he only  
 too ready for the opportunity.  
 "Anthracite Coal to meet the  
 normal needs of the country is  
 produced by mines working to  
 capacity throughout the year. It  
 is a stable industry, ordinarily  
 giving work to employees every  
 day they will work.

"The strength of position from  
 the standpoint of a striking fight-  
 ing union is found in the fact that  
 hard coal production cannot be  
 regained once lost. There is no  
 surplus capacity in these mines to  
 be extended in times of need.  
 There is normally about 90,000,  
 000 net tons of anthracite pro-  
 duced in a year. It is all used in a  
 year. The production is between  
 7,000,000 and 8,000,000 net tons  
 per month, of which some 70% is  
 household coal and the remainder  
 steam coal.

"No anthracite, save a few  
 carloads dredged from rivers, was  
 produced during the strike. The  
 loss of five month's work means  
 that we are short some thirty-five  
 million net tons of needed fuel.  
 There is no substitute. Coke can  
 be used to advantage in house-  
 hold furnaces designed for hard

## The Big News of the Day in Shoes

There has been a turn for the better in shoes. It got so bad that a low price seemed to be everything. Lots of people welcomed low prices and bought cheap shoes.

But they are through now.

People have gone back to Good Shoes, Real Shoes—and that's where Walk-Over comes in, and, oh the difference between a cheap shoe at a low price and a Walk-Over at the right price.

Walk-Over styles for fall are now being shown.

The bearers were; all nephews of the deceased and were Al Dyer, W. A. Bridgman, Phillip, Oscar, Charles and Harry Braner.

**Holle**  
Funeral services were held at 2 o'clock Sunday afternoon at the home of his mother, 535 West Lafayette Ave, for Donald Henry Holle, Rev. A. P. Howells officiated and burial was in Jacksonville cemetery.

The floral tributes were in the care of Eloise, Dorothy and Ruth McDonald, Isabel and Nettie Francis. The bearers were; Clarence Proffitt, Ford Jackson Clifton and Clinton Arenz.

**Leonard**  
Rev. C. Hilburn, pastor of the M. E. church of Concord, conducted the funeral services for Mrs. Harriet Leonard. Music was furnished by the choir of the church. Those who cared for the floral offerings were, Mrs. Eliza Harmon, Mrs. Austin Smith and Mrs. Roy Crouse. The bearers were; Daniel Deitrick, Henry Schnitker, Spencer Smith, James Sanders, Roy Crouse and John Kershaw. Interment was in Concord cemetery.

The funeral of Miss Kathryn Wright was held at the residence of her parents, Mr. and Mrs. A. H. Wright, in Franklin Monday afternoon at 2 o'clock. The services were conducted by Rev. M. L. Pontius of this city and were largely attended, as the deceased was well and favorably known in Franklin community.

Music appropriate to the occasion was furnished by Misses Grace Hill, Pauline Olinger, Lou Duncan and Eunice Armstrong, with Miss Grace Armstrong as accompanist.

There were many beautiful flowers and these were in charge of Miss Beulah Roberts, Maude Criswell, Eloise Calhoun and Dorothea Sargent.

Interment was in Franklin cemetery and the bearers were Messrs. Newton Woods, Glen, Harney, Austin Seymour, Tim Luby, Richard Whalen and Charles Cussins.

Kathryn A. Wright, daughter of Mr. and Mrs. Alexander H. Wright, was born in Franklin, Ill., Feb. 18, 1887, and departed this life at the Passavant hospital in Jacksonville, Ill., Sept. 1, 1922, at 9:45 a. m., aged 35 years, 6 months and 9 days.

She grew to womanhood in Franklin, graduating from the village high school in the class of 1904. Possessing a rare talent for music, she later studied for several years in the Illinois Conservatory of Music at Jacksonville till failing health compelled her to seek another climate.

In 1913 the family went to San Diego, Cal., where she spent four years, returning to Franklin much benefited by her stay there. Her interest in music continued, and she had had a class in piano for several years and was an active member of the Franklin Music club.

Miss Wright professed her belief in Christian religion under the pastorate of Rev. C. A. Burton and ever lived a life in keeping with her confession. She was a young woman popular among a wide circle of friends, having a quiet, sunny like disposition which endeared her to those with whom she was associated. She was especially devoted to her parents and other members of the family of the family circle and there are many who sorrow with her loved ones at her passing.

She is survived by her parents, four brothers, Langley Wright of San Francisco, Carl H. Wright of Los Angeles, Theron of Franklin, and Oliver H., engaged in engineering work at Madisonville, Ky., and two sisters, Mrs. Guy J. Koons of Pontiac, and Mrs. Milton G. Seymour of Franklin. Two brothers and one sister preceded her in death.

The funeral service will be held at 11 o'clock this morning at the residence and interment will be in Arcadia cemetery.

Frank Smith motored from Roodhouse to the city yesterday.

**COUPLE MARRIED AT BROOKLYN CHURCH**  
Miss Harriet Cox and Thomas Carver United in Marriage Following Service Sunday Morning.

At the close of the Sunday morning service at Brooklyn M. E. church, the marriage of Miss Harriet Cox and Thomas Carver was solemnized. Very few knew that the ceremony was to be performed and there was therefore general surprise when Miss Olive Randle at the organ began the playing of Mendelssohn's wedding march and the young people took their places before the minister, Rev. George W. Pandle. The bride and groom were unattended as the words were spoken which made them man and wife.

The bride is the daughter of Mrs. Harriet Cox of 503 Hardin avenue and has spent practically all her life in this community. She graduated from the local high school and for the past several years has held the position of stenographer in the office of the Railway & Light Co.

Mr. Carver has been a resident of this city for the past four years, prior to that time living at Union City, Tenn. He is the superintendent of the Coca Cola Bottling works in this city.

Mr. and Mrs. Carver left Sunday afternoon for a brief visit in Springfield and other points, and upon their return will be housekeeping on South Street.
